# VOLUNTEER

---

*ENGIN gives you  
opportunity to choose*

*Male or female?*

*Individual or group?*

*My volunteer is a woman  
from D.C Washington*

SESSION	TITLE	SESSION CONTENT
Session 1	Welcome on Board! Intro Session	Congratulations on joining Course ENGIN4EDU! Today, you have the wonderful opportunity to engage in a conversation that will help you get to know each other better with your matched ENGIN partner. The main aim of this meeting is to establish a strong connection and build rapport. During this session, you'll also set goals for your learning journey and review the curriculum together. This promises to be a delightful exchange that brings you closer while laying the foundation for a successful partnership.
Session 2	What Makes a 21st-Century Educator?	Who is a modern educator? In this lesson, participants delve into the dynamic world of 21st-century educators. You will have the opportunity to share your professional experience and insights as you explore the essential qualities of a modern educator.
Session 3	Lifelong Learning for Educators	In this lesson, participants will delve into the concept of lifelong learning and PD for educators. You will explore the importance of continuous development for teachers and the techniques required to facilitate ongoing growth.
Session 4	Practical Session: Pitching Your Ed Reform!	This practical lesson will equip participants with the essential skills needed to effectively present their ideas about education reform. You will learn proven pitching techniques, practice answering questions, and refine your presentation skills, ensuring your reform proposals are impactful and persuasive.
Session 5	Unlocking Learning: Exploring Modern Educational Approaches	In this session, participants will explore the concepts of microlearning, asynchronous learning, and flipped classrooms in a straightforward and accessible manner. You will gain a clear understanding of how each approach works and their practical applications in today's educational landscape.
Session 6	Cross-Cultural Perspectives in Education	In this session, participants will explore cross-cultural perspectives in education by comparing practices in Ukraine with those in the UK, USA, Canada, and Australia. Key topics include curriculum design, lesson preparation, assessment practices, and school culture, supported by practical examples that illustrate diverse educational contexts.

# OUR CURRICULUM

- *The ENGIN4EDU program has a structured curriculum*
- *The program consists of 12 sessions.*

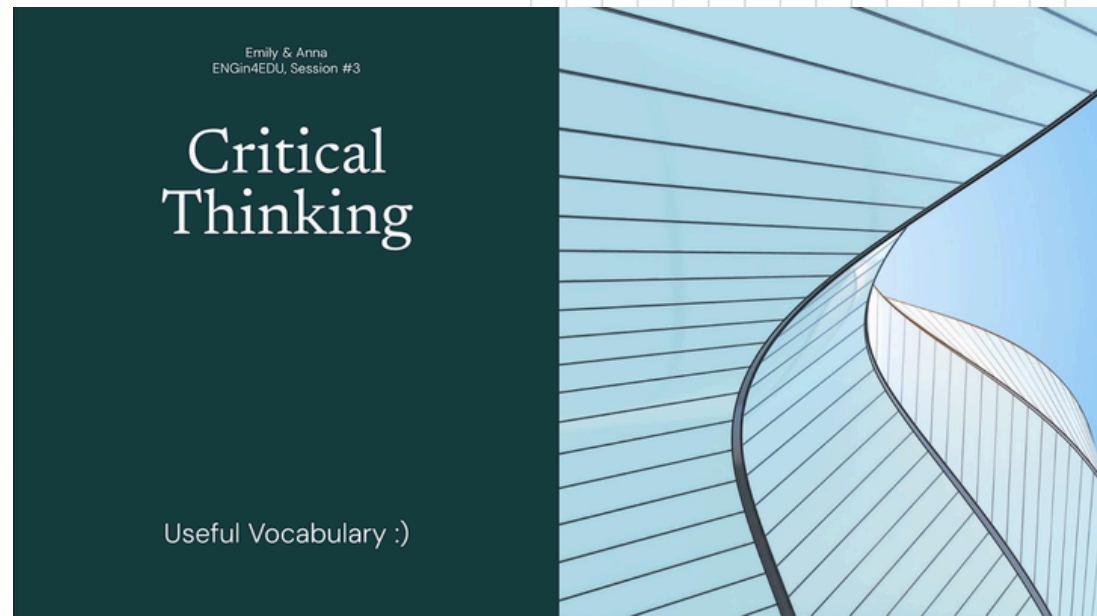

# SETTING YOU OWN GOALS

---

*You can set 3 goals*

- *What do you want to accomplish?*
- *How will you work on this goal together?*
- *How will you know if you've successfully met your goal?*

# GOALS

*My volunteer made everything to help me reach my goals*

Academic Research

Useful Vocabulary :)

Emily & Anna  
ENgin4EDU, Session #4
